Dear Mr GIORDANO:

As a People's Deputies of Ukraine, I invite you to participate in the Parliamentary Intelligence-Security Forum, which will be held on December 8-9, 2025, Washington, USA.

Today, as the world faces unprecedented security challenges, the role of parliaments in creating effective and transparent mechanisms to strengthen security is becoming particularly important. The extraordinary changes in diplomacy and defence that are already taking place require us to be aware of and develop solutions that will determine the future of our states and alliances. The Washington Forum aims to bring together parliamentarians from different countries to discuss ways to strengthen democratic resilience, build trust between allies, and develop partnerships in the field of security and intelligence.

Previous forums have demonstrated impressive results: they have become a platform for launching new and strengthening existing interparliamentary initiatives, exchanging best practices in parliamentary oversight of intelligence structures, and promoting the creation of an informal network of trust between representatives of different states. This year's Forum aims to bring together parliamentarians and leading international experts to jointly develop innovative approaches to ensuring global security, countering hybrid threats, and improving the effectiveness of democratic oversight of intelligence activities.

We are confident that your personal participation and professional experience will make a significant contribution to the further development of this dialogue and will help to strengthen a new culture of interparliamentary cooperation — one that is open, professional and based on mutual respect.

The draft agenda is attached below.

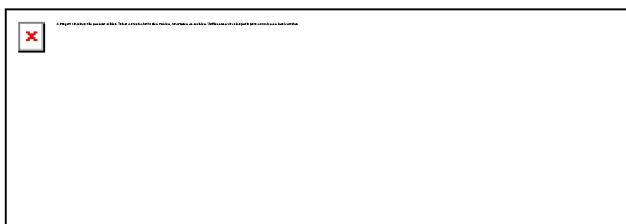

You can confirm your participation and send any comments any questions or observations you may have to lucas@pi-sf.com.

Please note the link for group rates at the 5 star Mayflower Hotel (must be confirmed by November 24)
