Legislators' Forum on Innovations in Democracy

Dear Senator Nelsinho Trad:

We would like to invite you to "Legislators' Forum on Innovations in Democracy," an international workshop and parliamentary exchange on democratic practices to build public trust, on November 15th and 16th, 2022, in Washington, DC.

Around the world, parliaments and legislatures are finding new ways to interact productively with their constituents and the wider public. These examples offer lessons and methods for gathering input, overcoming divisions, building trust, and gaining public support for public policy.

This event will bring together national legislators in five delegations, representing Australia, Brazil, Germany, the United Kingdom, and the United States, to learn from one another and jointly explore new trends, tools, and innovations in this work. After one day of workshops, we will then move to the US Capitol for a more formal parliamentary exchange with members of the United States Congress.

The workshop is being organized by the Democracy Innovations project of the National Conference on Citizenship, a nonprofit organization chartered by Congress in 1953, and the Institute for Democratic Engagement and Accountability at Ohio State University.

The workshop will feature the *Parliaments and Public Engagement* report of the Inter-Parliamentary Union and United Nations Development Program, the "Resilient Democracies, Resilient Institutions" white paper from Club de Madrid, and other relevant research.

We request that country delegations be limited to 3-5 members each, comprised mainly of national parliamentarians. We regret that we are unable to support travel or lodging expenses for the delegations.

Please let us know if you have any questions. We hope to see you in Washington this fall!

Sincerely,
