Dear Mr Ferreira Gomes,

I am writing to cordially invite you to Germany from 24 to
29 November 2024 for a fact-finding tour on green hydrogen.

Your visit will take place as part of the Guest Programme of the Federal
Republic of Germany, jointly managed by the German Bundestag and the
German Government. The programme will give you the opportunity to talk
to partners in Berlin and Bavaria about energy supply and energy security,
but also about general political issues.

Our countries are united by their interest in more intensive cooperation in
the area of energy and climate policy. Brazil, Chile and Colombia have great
potential to generate renewable energies, including green hydrogen. The trip
will enable you to enter into dialogue and open up new networks that can
expand and intensify our cooperation at federal and regional levels.

I look forward to meeting you in person for talks at the Federal Foreign
Office at the beginning of your visit. In Berlin, you will also have meetings at
the German Bundestag with members of the Committee on Economic
Affairs as well as with the German-Brazilian Parliamentary Friendship

Group and the Parliamentary Friendship Groups for Relations with the Andean States and with the Cono Sur States.

Talks are also planned at the Federal Ministry for Economic Affairs and Climate Action and at German associations and companies. In the Bavaria region, you will be able to delve into the subject in greater depth and learn about other regional development concepts.

During your visit, you will be looked after by the Federal Foreign Office staff member responsible for your programme, Mr Erwin Ganzer. If you have any questions, you can contact Mr Ganzer directly by email (011-8@auswaertiges-amt.de) or phone (tel. +49-30-18-17-3177).

I hope you will have a pleasant and informative time in Germany and am looking forward to our discussion.

Yours sincerely,

(sgd) A. Lührmann
