The TTPOA (TEXAS TACTICAL POLICE OFFICERS ASSOCIATION) has the privilege of inviting you to participate in our 2019 Conference to be held in San Marcos, TX, April 24-28. We continue to strive to foster an exchange of ideas and information within the fields of Police Tactics and Operations. Our annual conference is the greatest example of how our team has worked hard to host some of today's best technologies, vendors, equipment and weapons, with the industry's most qualified instructors to better serve the police officers around the world.

It is our belief that the exchange between Brazilian and American Police officers is an unparalleled opportunity to improve new techniques, technologies, and place officers in contact with vendors of the best equipment and brands on the market, being a rich exchange of information for success in fighting crime in our countries.

Your presence is very important to the conference representing the Brazilian Government, sharing the knowledge acquired, we would like to have your talk for the SWAT officers to be placed during the conference.

We appreciate the dedication and the professionalism which you have taught over the years the police officers along Texas and United States. The TTPOA would like to pay tribute to you, for 20 year career as a police instructor.
